Profile

Full-Stack Developer with 2 years of experience, skilled in JavaScript, React, NodeJS, ExpressJS, Ruby on Rails, MongoDB, PostgreSQL and MySQL. Proven ability to work in distributed teams across 5 time zones. Successfully mentored over 5 junior developers weekly and improved sales metrics by 10%. Looking to bring my technical and collaborative skills to a forward-thinking tech company.

Skills

FRONT-END (JavaScript, React, Redux, HTML5, CSS3)

BACK-END (Ruby, Ruby on Rails, NodeJS, MySQL, PostgreSQL)

TOOLS & METHODS (Git, GitHub, Mobile/Responsive Development, UI, UX, Chrome Dev Tools)

PROFESSIONAL (Remote Pair-Programming, Teamwork, Mentoring, Problem-Solving)

Professional Experience

- | | |
|-------------------|---|
| 10/2023 – present | FRONT-END DEVELOPER (INTERNSHIP), CoinPay Remote, Uganda <ul style="list-style-type: none">Utilizing JavaScript, React, HTML, CSS, Tailwind CSS, Bootstrap, and Node.js, I excel in crafting visually stunning, user-friendly, and responsive web experiences. I continuously enhance and maintain these creations to cater to end-users' needs. Throughout my internship, I showcased my practical skills and collaborated with fellow developers to construct responsive websites and applications. |
| 07/2023 – present | FULL-STACK DEVELOPER, OWN PROJECTS Nsangi, Uganda <ul style="list-style-type: none">I possess proficiency in both front-end and back-end development, with hands-on experience in a diverse array of technologies, such as JavaScript, React, Bootstrap, Tailwind CSS, Node.js, Express.js, and MongoDB. This expertise empowered me to construct and maintain web applications, enabling the creation of engaging user interfaces and effective management of server-side functionality and data storage. |

| | | |
|----------------------|---|--------------------------|
| 04/2023 – 07/2023 | FULL-STACK DEVELOPER, MICROVERSE <ul style="list-style-type: none"> I am proficient in both front-end and back-end development, working with a diverse range of technologies, including JavaScript, React, Bootstrap, Ruby, Ruby on Rails, PostgreSQL, and MySQL. This experience has allowed me to build and maintain all components of web applications, adopting a holistic approach to web development. My capabilities encompass creating user interfaces and managing server-side functionality, as well as data storage. | Remote, San Francisco |
| 10/2022 – 04/2023 | BACK-END DEVELOPER, MICROVERSE <ul style="list-style-type: none"> I leveraged technologies like Ruby, Ruby on Rails, PostgreSQL, and MySQL to establish the server-side infrastructure for web applications. This involved managing data, implementing application logic, and ensuring data integrity, security, and the overall system's efficiency. The goal was to develop robust and dependable web applications while ensuring seamless and secure system operation. | Remote, San Francisco |
| 02/2022 – 10/2022 | FRONT-END DEVELOPER, MICROVERSE <ul style="list-style-type: none"> Built multiple projects using JavaScript, React, HTML, CSS, and Bootstrap to ensure that the digital experience is not only visually appealing but also highly functional and user-friendly. | Remote, San Francisco |

Projects

| | |
|----------------------|--|
| 08/2023 – 10/2023 | SCHOOL MANAGEMENT SYSTEM, <i>It facilitates account creation, oversees student attendance, discipline, teachers' schedules, tuition structures, and maintains contact information for parents. (React.js, Node.js, MongoDB, Express.js)</i> |
| 05/2023 – 05/2023 | BUDGET APP, <i>Enables account and budget creation, tracks expenses. (Ruby on Rails, Bootstrap)</i> ↗ |
| 04/2023 – 04/2023 | RECIPE APP, <i>Allows user account and recipe creation, shopping list generation. (Ruby on Rails, Bootstrap)</i> ↗ |
| 03/2023 – 03/2023 | BLOG APP, <i>Supports account creation, blog posting, likes, and comments. (Ruby on Rails, Bootstrap)</i> ↗ |

Organizations

| | | |
|----------------------|---|--------------------------|
| 03/2022 – 05/2023 | MICROVERSE, MENTOR <ul style="list-style-type: none"> Mentored an average of 5+ junior web developers per week, focusing on code quality and best practices. Proposed code quality improvements and best practices during reviews, contributing to a 30% decrease in long-term maintenance and bug-fixing costs. Provided motivational strategies, contributing to a 95% program completion rate among junior developers. | Remote, San Francisco |
|----------------------|---|--------------------------|
